## Law 63 Establishment of a Revoke

- ♥ Revoke becomes established
  - ♦ When the offender or his partner leads or plays to the following trick (any such play, legal or illegal established the revoke).
    - ♣ Play by the non-offenders to the current or following trick does not establish a revoke.
  - ♦ When the offender or his partner names or otherwise designates a card to be played to the following trick.
  - ♦ When a member of the offending side makes or agrees to a claim or concession of tricks orally or by facing his hand or in any other way.

## Law 64 Procedure after Establishment of a Revoke

- ♥ Established revoke:
  - ♦ Tricks won prior to the revoke cannot be conceded.
  - ♦ **Offending player won** the revoking trick
    - ♣ Transfer the revoking trick and one more, if any additional subsequent tricks are won to the non-offending side;
  - ♦ **Offending player did not win** the revoking trick
    - ♣ This also includes the partner of the offender winning the trick on which the revoke occurs.
    - ♣ Transfer only the revoking trick if the offending side wins any subsequent trick(s) to the non-offending side.
- ♥ No rectification is made when:
  - ♦ Offending side did not win either the revoked trick or any subsequent.
  - ♦ A subsequent revoke is made in the same suit by the same offender, see later.
  - ♦ Revoke was made by failing to play any faced card on the table or belonging to a hand faced on the table, including a card from dummy's hand.
  - ♦ Attention is first drawn to the revoke after a member of the non-offending side has made a call on the subsequent deal.
  - ♦ Attention was first drawn to the revoke after the round has ended.
  - ♦ The revoke occurs on the twelfth trick.
  - ♦ When both sides have revoked on the same board.
- ♥ Director's responsibility for equity:
  - ♦ Deems non-offending side insufficiently compensated per above when:
    - ♣ After any established revoke, including those not subject to rectification:
  - ♦ Shall assign an adjusted score per Law 12 Director's Discretionary Powers.
  - ♦ Resolves in favor of the non-offenders if there is any doubt as to a likely result.
    - ♣ This comes into play when there is a question concerning whether additional tricks are won by the offending side because of the revoke. If there are when the non-offenders would have won additional tricks had there not been a revoke, the Director adjusts the score in favor of the non-offenders.
