- ♣ **Team Game Monday Feb 18th**: Please form your teams; and let me know before 4 pm on Feb 18th for room set-up and an orderly start of the game. A sign-up sheet will be available at the games as well as registering with me at lawsonbridgestudio@gmail.com.
- ♣ **STaC games February 25th and 27th** Since these STaC games are sanctioned by our Unit 123, there will be pre-dealt hands. The STaC awards are based on the percentages earned by the players in each club and then those are polled and ranked to determine the awards and winners.

LAW 65 - ARRANGEMENT OF TRICKS

A. Completed Trick

When four cards have been played to a trick, each player turns his own card face down near him on the table.

B. Keeping Track of the Ownership of Tricks

1. If the player's side has won the trick, the card is pointed lengthwise toward his partner.
2. If the opponents have won the trick, the card is pointed lengthwise toward the opponents.
3. A player may draw attention to a card pointed incorrectly, but this right expires when his side leads or plays to the following trick. If done later Law 16B may apply.

C. Orderliness

Each player arranges his own cards in an orderly overlapping row in the sequence played, so as to permit review of the play after its completion, if necessary, to determine the number of tricks won by each side or the order in which the cards were played.

D. Agreement on Results of Play

A player should not disturb the order of his played cards until agreement has been reached on the number of tricks won. A player who fails to comply with the provisions of this Law jeopardizes his right to claim ownership of doubtful tricks or to claim (or deny) a revoke.

LAW 66 - INSPECTION OF TRICKS

A. Current Trick

So long as his side has not led or played to the next trick, declarer or either defender may, until he has turned his own card face down on the table, require that all cards just played to the trick be faced.

B. Own Last Card

Until his side has led or played to the next trick, declarer or either defender may inspect, but not expose, his own last card played.

C. Quitted Tricks

Thereafter, until play ceases, the cards of quitted tricks may not be inspected (except at the Director's specific instruction; for example, if necessary, to verify a claim of a revoke).

D. After the Conclusion of Play

After play ceases, the played and unplayed cards may be inspected to settle a claim of a revoke, or of the number of tricks won or lost; but no player should handle cards other than his own. If the Director can no longer ascertain the facts after such a claim has been made, and only one side has mixed its cards, the Director shall rule in favor of the other side.

LAW 61 - FAILURE TO FOLLOW SUIT - INQUIRIES CONCERNING A REVOKE

C. Right to Inspect Tricks

A claim of a revoke does not automatically warrant inspection of quitted tricks (see Law 66C).
